## Executive Summary

### AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

#### 1. Introduction

The City of South Gate's 2022-2023 Annual Action Plan for funding and program activities is based on priorities established by the City's Five-Year Consolidated Plan. The 2022-2023 Action Plan is the third year of the five-year strategy for 2020 through 2025. The Five-Year Consolidated Plan combines two Federal Department of Housing and Urban Development (HUD) Programs: Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME).

The City's Community Development Department manages, plans, submits, and implements the process. The Department is involved in activities which enhance the coordination among public and non-profit, private housing providers, and health and service agencies.

The 2022-2023 Annual Action Plan serves as the City's blueprint for providing decent affordable housing to lower-income households, providing suitable living environments, expanding economic opportunities, and expanding the capacity of non-profit housing providers to the residents of South Gate. This strategic plan sets forth goals, objectives, and performance benchmarks for measuring and establishing a framework for progress. The City is anticipating receiving \$1,378,966 in PY 2022-2023 CDBG funds; additionally, it anticipates \$1,545,228 in CDBG carryover funds from previous years. The City also anticipates receiving \$824,382 in HOME funds for PY 2022-2023 and is allocating \$2,582,651 in HOME carryover funds from prior years; the carryover is comprised of \$153,362 in program income and \$2,429,289 in unused funds from previous years.

The proposed plan includes the following initiatives under CDBG funding: Community Service Programs (i.e., supporting Youths, homeless, etc.); General Administration, Program Delivery, Minor Home Improvement Program, Public Improvements, Commercial Façade Program, and Fair Housing. The funds serve extremely low to moderate-income residents.

HOME funded activities include General Administration, affordable housing acquisition and development, and residential rehab programs. The populations served are low-to moderate-income.

## **2. Summarize the objectives and outcomes identified in the Plan**

The goals of the 2020-2025 Consolidated Plan include:

- Preservation and rehabilitation of the existing housing stock using CDBG and HOME funds.
- Expand and improve the quality and quantity of public service programs.
- Promote fair housing.
- Provide infrastructure and public facility funding.
- Provide financial assistance for the rehabilitation of commercial façade improvements.
- Economic Development activities that promote employment and preserve local businesses.
- Housing rehabilitation.
- Public Services.

## **3. Evaluation of past performance**

The City continually strives to improve the performance of its operations and those of its funded agencies. The City prepares the Consolidated Annual Performance Evaluation and Report (CAPER) annually, which documents progress toward implementing the strategies and meeting the goals established in the Consolidated Plan and the Annual Action Plans.

Over the past years, the City's CDBG funds were used for meeting the City's goals of providing decent housing, creating a suitable living environment, and expanding economic opportunities to low-and moderate-income persons in South Gate.

Below is a summary of the City's CDBG and HOME accomplishments for FY 2020-2021:

- Two businesses were assisted with commercial façade rehabilitations
- 27 small business grants were awarded
- 235 tenant/landlord issues were addressed via fair housing services
- 385 persons benefited from public services
- One housing unit was assisted via the home rehabilitation program

## **4. Summary of Citizen Participation Process and consultation process**

The City is committed to maximizing community participation in the CDBG and HOME planning process. To ensure that its 2022-2023 Action Plan was based on resident needs, the City used

the following approach to create participation of residents, service providers, and other interested persons and organizations:

### South Gate Citizens Advisory Committee

The South Gate Citizens Advisory Committee (CAC) is an advisory board created by City Council to ensure constant dialog exists between City Hall and the community. The role of the CAC is twofold. First, to ensure that City Council is apprised of the needs, desires, and interests of City residents. Second, to review and make recommendations on CDBG funding to City Council. The CAC, meets six times a year, is comprised of members representing the demographic and social range of residents in the City. The CAC was actively involved in the current Annual Action Plan process. The CAC reviewed and discussed the 2022-2023 Public Services applications and then made funding recommendations to City Council for the Annual Action Plan. It is anticipated that the CAC will continue to serve in an advisory role to the CDBG process.

### Annual Public Services Application Process

The annual Public Services selection process established by the City requires applicants to apply describing their proposed project or program and detailing how the project meets local and national CDBG objectives and federal requirements. City staff and the CAC review the public services applications and make a recommendation for CDBG funding to City Council. The annual CAC recommendation and Council selection of public service grantees is based on the following criteria:

- Consistency of service activity with national objectives and federal requirements
- Consistency of service activity with the goals, objectives, and strategies of the 5-year Consolidated Plan
- Experience and competency of the applicant
- Demonstrated need and lack of other sources of funding

## **5. Summary of public comments**

Below is a summary of the public comments received.

- CAC members expressed gratitude for staff walking them through the Annual Action Plan process and incorporating their feedback.
- Members of the public shared that they want to see activities to address buildings needing repairs in the City, along with continuing to support businesses who need help.

## **6. Summary of comments or views not accepted and the reasons for not accepting them**

All comments were accepted.

## **7. Summary**

The Annual Action Plan was made available for a 30-day public review from May 27, 2022 through June 28, 2022. The City prepared a notice announcing the Draft Action Plan was available for public review in local newspaper. The notice included the date, time, and location of the City Council public hearing, and the amount of HOME and CDBG assistance expected to be received during the plan duration. The City held a public hearing on June 28, 2022

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(I)**

### **1. Introduction**

Activities to enhance coordination between public and assisted housing providers and governmental health, mental health and service agencies are conducted on a regular basis. Activities to encourage communication with key community stakeholders include soliciting and reviewing funding applications from housing, health care and service providers through its Annual Action Plan process. The City also participates in local and regional committees such as the Los Angeles Homeless Services Authority (LAHSA) Continuum of Care and the Southern California Council of Governments (SCAG).

#### **Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))**

Consultation for the 2022-2023 Annual Action Plan was achieved through a variety of strategies, including the CAC, public hearings, and public meetings. All efforts were made to contact appropriate parties and obtain thorough input. These consultations, in conjunction with participation from citizens, provided the plan direction and scope. Continued coordination is anticipated for planning efforts, as well as project implementation, between all these groups.

#### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The City of South Gate is within the Los Angeles Homeless Services Authority’s (LAHSA) Continuum of Care in Service Planning Area (SPA) 7. LAHSA was established in December 1993 as a Joint Powers Authority to coordinate the effective and efficient utilization of Federal and local funding in providing services to homeless people throughout Los Angeles city and County. LAHSA coordinates and manages over \$70 million dollars annually in Federal, State, County and City funds for programs that provide shelter, housing, and services to homeless persons in Los Angeles City and County. The City coordinates the delivery of homeless services with LAHSA.

#### **Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

Not Applicable. The City does receive ESG funds.

## Expected Resources

### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

For FY 2022-2023, the City is anticipating receive the following funding:

Community Development Block Grant (CDBG): The City is expecting to receive a grant allocation of \$1,378,966 of which twenty percent (20%) or \$275,793 will be used for Program Administration which includes an allocation of \$24,000 for Fair Housing Foundation. The City also anticipates a carryover balance of \$1,545,228. The carryover amount (\$1,545,228) along with the remaining balance (after program administration allocation) of the expected allocation \$1,103,173 will be programmed to Public Service projects and City Services projects, including capital improvement projects (CIP). The City does not have CDBG Program Income to report currently.

HOME Investment Partnerships (HOME): The City anticipates it will receive a grant allocation of \$824,382 for FY 22-23 and will utilize \$2,429,289 in carryover funds and \$153,632 in program income; of which ten percent (10%) of the fiscal year allocation and program income, or \$97,774, will be used for Program Administration; \$2,000,000 will be allocated to a Community Housing Development Organization (CHDO), and the remaining balance \$1,309,259 will be spent on the affordable housing acquisition and development and residential rehab programs.

**Table 5 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The City recognizes that the City's annual entitlement and formula allocations are not sufficient to meet all its needs, and that leveraging resources is critical to achieving the City's goals. The City continues to cultivate funding partners who can match the City's investment of CDBG and HOME funds and will attempt to leverage grants and other funding when appropriate to meet the objectives of the Annual Action Plan.

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

There is currently no publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

# Projects

## AP-35 Projects – 91.220(d)

### Introduction

To address the priority needs identified in the 2020-2025 Consolidated Plan, the City of South Gate will invest CDBG and HOME funds in projects that preserve affordable housing, provide fair housing services, provide services to low-and moderate-income residents, and improve public facilities and infrastructure.

The 2022-2023 Annual Action Plan sets forth a description of activities for the use of anticipated funds that will become available during the coming federal fiscal year, determines the goals for activities programmed, and describes the implementation plan and geographic location of the activities to be undertaken.

### Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The primary obstacles to meeting the underserved needs of low-and moderate-income people include lack of funding from federal, state, and other local sources, the high cost of housing, and the lack of availability of home improvement financing in the private lending industry. To address these obstacles, the City is investing CDBG and HOME funds through the 2022-2023 Annual Action Plan in projects that provide deferred loans to low-and moderate-income homeowners for home improvements, projects that provide public and neighborhood services to low-and moderate-income people, and projects that prevent homelessness.

## **AP-50 Geographic Distribution – 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

HUD-funded activities are limited to the City’s low-and moderate-income areas or residents. Areas of the City outside of the CDBG low-and moderate-income areas will benefit from activities that are limited-clientele in nature, i.e., a person/household can benefit from a federally assisted program provided they meet the program’s eligibility criteria. Eligibility is typically established by household income and household size.

CDBG program funds will be expended based on program criteria. For example, public services are available on a citywide basis for qualified beneficiaries; fair housing and program administration activities will also be carried out on a citywide basis.

HOME funds will be utilized to support housing acquisition and rehabilitation activities for low-income tenants and homeowners. To qualify for these funds an evaluation of household income will be undertaken.

### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>
Citywide	100

**Table 8 - Geographic Distribution**

### **Rationale for the priorities for allocating investments geographically**

As most of the City’s residential areas are made up of low- and moderate-income households, the City distributes their allocation citywide.

### **Discussion**

The City anticipates spending at least 70 percent of its entitlement funds in target areas, including areas that have low-and moderate-income concentrations or minority concentrations.

# Affordable Housing

## AP-55 Affordable Housing – 91.220(g)

### Introduction

One of the greatest impediments to affordable housing is the low ratio of available federal and state resources to the high need of affordable housing needs.

As there are limited opportunities and funding available to provide affordable housing opportunities, the City consistently seeks new partnerships to increase the affordable housing options in the city. Ways that the City addressed affordable housing needs include the following programs:

**Housing Choice Voucher Program:** The City will continue to provide rental assistance to extremely low- and low-income households through the South Gate Housing Authority’s Housing Choice Voucher Program. Renter-households will be assisted, which will include elderly, single-parent, and disabled special needs households. However, these are not counted toward the affordable housing goals.

**Fair Housing Program:** The City's Fair Housing Program is administered by the Fair Housing Foundation, who provide fair housing services and landlord/tenant information to participants who request counseling, resource referral, complaint investigation, and public education on all forms of housing discrimination. Renter-households will be assisted, which will include elderly, single-parent, and disabled special needs households. However, these are not counted toward the affordable housing goals.

**Homeowner Rehabilitation Program:** This program provides deferred loans to qualified homeowners for rehabilitation on their properties. The property must be brought up to certain housing standards as part of the rehabilitation assistance. The program expects to assist 10 households this program year.

## **Discussion**

The Consolidated Plan identifies a high priority need to expand the supply of affordable housing and a high priority need to preserve the supply of affordable housing. During the 2022-2023 program year, the City will invest CDBG and HOME funds in the preservation of affordable housing units. Specifically, CDBG and HOME funds will be used to support affordable housing preservation projects including the City of South Gate's Residential Rehabilitation Program and Minor Home Improvement Program.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

The City is located within the Los Angeles Homeless Services Authority (LAHSA) Continuum. The continuum provides oversight of federal homeless assistance dollars and collaborates with local communities to provide the best service to residents who are homeless. The Los Angeles Continuum conducts quarterly community meetings, and when appropriate the City attends and participates in these meetings.

South Gate residents who are of low-to-moderate income and at risk of experiencing homelessness will receive assistance to obtain and maintain housing stability through CDBG funded activities. Services provided may include income payments for low-income eligible residents, case management, and Rapid Re-Housing Activities including emergency shelter for residents who are experiencing homelessness.

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The South Gate Police Department, in cooperation with The Salvation Army Bell Shelter, operates a homeless outreach program which consists of a mobile outreach team. The Police Department Liaison and personnel from the Bell Shelter coordinate street outreach efforts by vehicle and by foot. Street outreach, case management, and referrals are provided to homeless families and individuals through this program. Homeless clients are provided guidance in the identification of barriers to overcoming homelessness and the development of a plan to address these challenges. The team then assists clients at a highly supportive level to address those needs which may include accessing mainstream services, increasing income, developing self-determination, and accessing shelter and housing.

### **Addressing the emergency shelter and transitional housing needs of homeless persons.**

Locally, the Salvation Army Bell Shelter operates a comprehensive program that offers transitional care for up to 350 homeless men and women. The goal of the Bell Shelter is to meet the needs of the homeless population by addressing the myriad of reasons why people become homeless and assisting them in developing a higher quality of life through independence. Services offered include emergency shelter, transitional housing, substance abuse rehabilitation, case management, counseling, on-site health care & medical referrals, HIV/AIDS education, ESL classes, computer training, vocational assistance, job referrals and life skills classes.

The South Gate Domestic Family Violence Education and Prevention program administered by the South

Gate Police Department provides shelter, court advocacy, counseling, 24-hour hotline, crisis intervention, support groups and case management to domestic and sexual abuse victims.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The City of South Gate collaborates with different organizations to prevent the recurrence of homelessness. The City partners with local organizations and non-profits to offer various programs and resources for residents experiencing homelessness or who are at risk of homelessness. Locally, the Salvation Army Bell Shelter helps address the gaps in the City and the need for services to residents experiencing homelessness, unemployment, substance abuse, and other social and health resources. Available services vary from case management, transportation and employment services, health and mental health referrals, life skills, individual and group therapy, social and recreational activities, needs assessment, benefits advocacy, and permanent housing assistance. The Salvation Army Bell Shelter works directly with the South Gate Police Department, Community Development, Parks and Recreation, the Housing Authority, and other local organizations to promote services and reach target populations.

To help prevent the recurrence of homelessness the program helps participants search for permanent housing and seek employment to maintain their home. Their case management team conducts workshops to assist residents with building resumes and career prep. Participants are referred to job openings and job fairs and are encouraged to participate in extracurricular activities such as attending monthly meetings, events, and volunteering at the community garden.

To combat homelessness, the City funds for a comprehensive Fair Housing Program that offers education and outreach activities for tenants, landlords, and owners. Education consists of workshops, presentations, community meetings, and trainings. The purpose of this program is to guide all parties on their rights, laws, and responsibilities. The Fair Housing Program conducts rental counseling workshops to those who are concerned with evictions, rent increases and notices.

The City of South Gate also allocates funds to provide emergency income payments for three consecutive months to eligible households who are experiencing financial challenges and unable to pay for rental fees, security deposits, utility payments, and other payments that are in arrears.

**Helping low-income individuals and families avoid becoming homeless, especially extremely**

**low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

The City of South Gate Police Department has different practice methods for individuals being discharged and who are seeking support services. The Police Department links individuals to available resources and agencies in the City including People Assisting the Homeless (PATH), which is an organization that helps individuals experiencing homelessness in their community. PATH distributes food, and clothing to residents, connects residents to permanent housing, and provides ongoing supportive services for residents in need. PATH has an outreach and prevention team that works in areas where homelessness is more prevalent and connects individuals with employment. The City of South Gate Police Department refers individuals who are being discharged from jail to PATH for interim housing, rapid rehousing, employment, and other permanent supportive services.

There are no hospitals in the City of South Gate, therefore the City does not often have individuals who are being discharged from hospitals. However, if individuals are seeking information the Police Department reaches out to PATH staff for resources, and supportive services. Additionally, if an individual is in custody and needs medical assistance, the City works with the Department of Mental Health and are returned safely to custody after treatment. The Department currently includes these practices as part of duty for patrol officers but will be establishing a team that will be dedicated to helping discharged individuals seeking programs and services.

## **Discussion**

There are a variety of agencies in the region that provide housing options and case management assistance including those returning from mental and physical health institutions. They provide the option of living independently in a group setting. They are:

- **Rio Hondo Temporary Home, Norwalk** – Provides emergency food and transitional shelter for families with children in the Cerritos, Downey, La Mirada, Montebello, Norwalk, Pico Rivera, Santa Fe Springs and Whittier areas. There are no geographical restrictions for residents.
- **Santa Fe Springs Transitional Living Center, Whittier** – Provides shelter for homeless families in transition, most of whom are single parents or victims of domestic violence and substance abuse, in Los Angeles County.
- **Hospitality Housing, Whittier** – Provides homeless support services for single adults 18 years and older and families with children.
- **Birch Grove Homes, Norwalk** - Provides supportive services to persons in an existing permanent

housing program for persons with mental health disabilities.

- **Denker House/Harvest House, scattered sites** - Provides supportive services in an existing permanent housing program for persons with disabilities.
- **Homes for Life Foundation, Norwalk** - Provides permanent housing to eight persons with mental health disabilities in eight one-bedroom apartment style units.
- **Su Casa Domestic Violence Network, Lakewood** - Provides crisis intervention service for domestic violence victims and their children, for a maximum of 30 consecutive days.
- **Salvation Army, Bell Shelter** – Provides emergency shelter services and transitional care for up to 350 homeless men and women.
- **The Southern California Rehabilitation Services** – An independent living resource center in Downey offers programs to eligible South Gate residents that provide people with the tools to learn how to live independently including cooking, budgeting, reading, and finding employment. They also offer disability assistance for improvements on homes for people with disabilities.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction:**

The impact on housing affordability disproportionately affects those who are lower income. HUD considers a housing unit affordable if the occupant household expends no more than 30% of its income on housing cost. In the situation where the household expends greater than 30% of its income on housing cost, the household is considered cost burdened. Cost burdened households have fewer financial resources to meet other basic needs (food, clothing, transportation, medical, etc.), less resources to properly maintain the housing structure, and are at greater risk for foreclosure or eviction.

Recent sales data for South Gate shows that housing prices continue to increase, while household incomes have failed to keep pace with home prices. There are also other factors that create barriers to affordable housing growth. The barriers that typically affect housing costs are as follows:

- Lack of developable land and/or where development is due to zoning.
- Cost of developable land and construction.
- Credit worthiness of potential buyers for homeownership.
- Social opinions discouraging affordable development in particular neighborhoods (Not in My Backyard “NIMBY”).
- Lack of responsible landlords for maintaining safe and clean-living conditions.
- Credit worthiness of potential renters.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The City adopted General Plan 2035 in 2009. As part of the General Plan update, a new concept in dealing with land use and development standards was introduced. Unlike traditional Euclidean land use and zoning system, the proposed South Gate General Plan uses a “form based” system to determine location and intensity of uses.

The new Zoning Ordinance update was adopted in March 2015. The City’s current estimated number of dwelling units is about 24,242 units. The Zoning Update has created density and development standards to accommodate an estimated growth of over 4,538 units over the next 25 years. This growth rate of

additional units will help alleviate the projected population and issues of affordability.

**Discussion:**

None.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

The City consulted the goals set up as part of the 2020-2025 Consolidated Plan and input from the community and Citizen Advisory Committee to determine the activities and goals outlined in the FY 2022-2023 Annual Action Plan. The goals of the 2020-2025 Consolidated plan included:

- Preservation and rehabilitation of the existing housing stock using CDBG and HOME funds.
- Expand and improve the quality and quantity of public service programs.
- Promote fair housing.
- Provide infrastructure and public facility funding.
- Target code enforcement activities to public health and safety issues.
- Provide financial assistance for the rehabilitation of commercial façade improvements.
- Economic Development activities that provide small business support and retention
- Housing rehabilitation.
- Public Services, including mental health support, domestic violence prevention, and substance abuse services.

### **Actions planned to address obstacles to meeting underserved needs**

The primary obstacles to meeting the underserved needs of low-and moderate-income people include lack of funding from federal, state, and other local sources, the high cost of housing that is not affordable to low-and moderate-income people and the lack of availability of home improvement financing in the private lending industry. To address these obstacles, the City is investing CDBG and HOME funds through the 2022-2023 Annual Action Plan in projects that provide deferred loans to low-and moderate-income homeowners for home improvements, projects that provide public and neighborhood services to low-and moderate-income people and those with special needs, and projects that prevent homelessness.

### **Actions planned to foster and maintain affordable housing**

The City has been active in providing affordable housing through awarding HOME funds to Developers for senior citizen rental units, and acquisition and rehabilitation of deteriorated rental units for lower income households. The City also provides rental assistance through the Housing Choice Voucher Program to very low-income households through its Housing Authority. The City certifies Community Housing

Development Organizations (CHDOs) to provide affordable housing using low HOME rents.

### **Actions planned to reduce lead-based paint hazards**

All units in a project assisted with CDBG and HOME funds must comply with the regulations found at 24 CFR Part 35. The purpose of the regulation is to identify and address lead-based paint hazards before children are exposed to lead. This requirement has been in effect since September 15, 2000.

Lead-based paint hazards are found in homes built prior to 1978. All Grantees and Participating Jurisdictions must assess homes built prior to 1978 for lead hazards and conduct interim or abatement controls as warranted. Most of the homes in South Gate were built prior to 1978 and have lead-based paint somewhere on the structure. Lead based paint is found on windowsills, doorways or under the eaves. The hazards of lead-based paint are primarily to young children up to age 6, as they are more likely to eat peeling paint. Lead adversely affects the development of a child's brain and other organs.

The City's strategy in addressing lead-based paint hazards involves an educational component for the public, printed outreach information to those households in the "lead hot zones" as identified by the County, and printed information are given to participants in the City's rehabilitation loan programs.

The Residential Rehabilitation Program focuses on rehabilitating existing housing stock throughout the City covering interior and exterior home improvement and/or repairs. In combination with the Residential Rehabilitation Program, the City offers \$10,000 grants to be used for termite and lead abatement. Lead assessments are conducted on all housing projects, both single family and multi-family units. All HCV participant rental units are inspected annually.

### **Actions planned to reduce the number of poverty-level families**

The implementation of CDBG and HOME activities meeting the goals established in the 2020-2025 Consolidated Plan and this Annual Action Plan will help to reduce the number of poverty level families by:

- Supporting activities that expand the supply of housing that is affordable to low-and moderate-income households.
- Supporting activities that preserve the supply of decent housing that is affordable to low-and moderate-income households.
- Supporting a continuum of housing and public service programs to prevent and eliminate homelessness.
- Supporting housing preservation programs that assure low-income households have a safe,

- decent, and sanitary place to live; and
- Supporting public services for low-and moderate-income residents including those with special needs and those at risk of homelessness offered by nonprofit organizations.

In addition to these local efforts, mainstream state and federal resources also contribute to reducing the number of individuals and families in poverty. In California, the primary programs that assist families in poverty are CalWORKs, CalFresh (formerly food stamps) and MediCal. Together, these programs provide individuals and families with employment assistance, subsidies for food, medical care, childcare, and cash payments to meet basic needs such as housing, nutrition, and transportation. Other services are available to assist persons suffering from substance abuse, domestic violence, and mental illness.

### **Actions planned to develop institutional structure**

The City has tried to develop an institutional structure that will help identify and access resources to improve the community. The City will continue to work with nonprofit entities to deliver public services. As a member of the LAHSA, the City will provide critical information to the County of Los Angeles for preparation of the County's Continuum of Care Homeless Assistance grant applications. South Gate will provide critical information regarding mainstream funds the City will make available to serve the homeless and will also assist in identifying and prioritizing gaps and needs in the regional system of care.

Externally, the City is in direct contact with the Chamber of Commerce and the Tweedy Mile Business Association, both of which represent private industry. The City also partners with various nonprofit organizations to provide affordable housing opportunities. These nonprofits act as subrecipients to provide a variety of services to the community.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The City of South Gate is proactive in coordinating with assisted-housing providers, particularly the City's Housing Authority, homeless assistance centers and programs, youth and family oriented social service organizations and health organizations which provide outreach and counseling.

The Community Development department is comprised of Building & Safety, Planning, Housing and Code Enforcement Divisions, who work closely together to coordinate programs with local social service providers to either meet needs directly or to make referrals to outside services, as necessary. Currently,

staff makes referrals based upon the available known assistance data.

**Discussion:**

See discussion above.

## Program Specific Requirements

### AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

#### Introduction:

In the implementation of programs and activities under the 2022-2023 Annual Action Plan, the City of South Gate will follow all HUD regulations concerning the use of program income, forms of investment, overall low-and moderate-income benefit for the CDBG program and recapture requirements for the HOME program.

#### Community Development Block Grant Program (CDBG)

##### Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	0

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City will not use any other forms of investment beyond those identified in Section 92.205. The Homeowner Rehabilitation Program provides deferred loans to qualified homeowners for rehab on their properties. The loan is due and payable when title is transferred, or property is refinanced or sold. The property must be brought up to certain housing standards as part of the rehab assistance. The property must be owner-occupied and may have up to four units. Qualified households must have an annual income at or less than 80% of the area median income. The program expects to assist five households this program year.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

In PY 2022-2023, the City does not plan to use HOME funds for homebuyer down payment assistance. However, some homebuyers that were assisted in prior years may decide to sell their homes during the upcoming program year. In that event, the City will enforce the resale and recapture guidelines.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Please refer to "HOME Investment Partnerships Program Policies and Procedures Manual"

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not intend to use HOME funds under the 2022-2023 Annual Action Plan to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.
