RE: Urban Water Management Plan Requirements Addressed

Dear Chris Castillo:

The Department of Water Resources (DWR) has reviewed the City of South Gate's 2020 Urban Water Management Plan (UWMP) received on 7/1/2021. The California Water Code (CWC) directs DWR to report to the legislature once every five years on the status of submitted UWMPs. In meeting this legislative reporting requirement, DWR reviews all submitted UWMPs.

This letter acknowledges that DWR's review of the City of South Gate's 2020 UWMP has found that the UWMP is consistent with the statutory requirements. DWR's review of plans is limited to assessing whether suppliers have addressed the required legislative elements. In its review, DWR does not evaluate or analyze the supplier's UWMP data, projections, or water management strategies. The results of the review will be provided to DWR's Financial Assistance Branch.

If you have any questions regarding the review of the UWMP or urban water management planning, please contact Zaida Darley at (916) 606-2134.

Sincerely,

A handwritten signature in black ink, appearing to read "Julie Ekstrom".

Julie Ekstrom, Ph.D.  
Supervisor, Urban Unit  
Water Use Efficiency Branch
