Article XIIIB of the California State Constitution, more commonly referred to as the Gann Initiative or Gann Appropriations Limit, was adopted by California voters in 1980 and placed limits on the amount of proceeds of taxes that state and local governmental agencies can appropriate and spend each year.

The limit is different for each agency and changes each year. Each year's limit is based on the amount of tax proceeds that were authorized to be spent in FY 1978/79 in each agency, modified for changes in inflation and population in each subsequent year. Inflationary adjustments are, by law, based on increases in the California per capita personal income (PCPI) or the increase in non-residential assessed valuation due to new construction (NRAV-NC). Population adjustments are based on city population growth or county population growth.

For FY 2020/21, the City of South Gate's estimated tax proceeds to be received, as well as tax proceeds appropriated by the City Council will, as in prior years, continue to be under the legal limit. The appropriations limit for FY 2020/21 is $81,145,742. This is the maximum amount of tax proceeds the City will be able to appropriate and spend in the coming fiscal year. The City's estimated proceeds of taxes is $38,744,118 resulting in appropriations being under the limit by $42,401,624.
