Parks Make Life Better!

June 1, 2020

Dear Participant:

The City of South Gate hosts a Dial-A-Ride program for seniors and disabled residents with assistance from Fiesta Taxi. As the City, County, and State begin to loosen restrictions from COVID-19 we want you to be aware of the programs offered in the City of South Gate. We know public transportation is a necessity to our residents. Getting back to a reasonable way of life will come, but please remember the restrictions in place will help us get back to normal operations.

Here are some safety precautions taken by Fiesta Taxi to make sure your experience is optimal:

- All taxicab operators must ensure every vehicle is disinfected immediately at the end of each trip
- Masks must be worn by both drivers and passengers at ALL times
- All taxicab drivers must have disinfectant wipes and hand sanitizer available at all times in their vehicles
- We request that only 1 other person accompany the passenger so there are no more than 2 passengers in a taxicab
- No one is allowed to ride in the front passenger seat

The City of South Gate Transit Division is here for any questions you may have during this time. Please call, 323-563-5754 for more information

Sincerely,

Transit Services
