

8650 California Avenue
South Gate, Ca 90280
Phone: (323) 563-9500

ZONING CLEARANCE

*The purpose of a **Zoning Clearance** is to confirm that the proposed business/land use is allowed by the South Gate Municipal Code or applicable zoning document at the proposed location. This is not an approval or permit to occupy a building, or an indication that the property meets all applicable code requirements. Prior to entering into lease agreements, occupying, or making any improvements at the site, you should discuss your business with the Planning Division to be certain you can operate your business at the site.*

*A City **Business License** is necessary in order to conduct business in the City of South Gate. This form constitutes a preliminary zoning approval or denial of zoning only and is not a business license.*
